Dear Mr. Finley,

**I have no response to my letter to your department dated December 4, 2009,
a copy of which is attached.**

**I am again requesting information regarding the annual production of the Rogers Pit
since the time of start-up to date.**

**Would you please ask either Gina or someone else in your office to fax me the
following documents at this time:**

**Annual reports as well as other information provided to AQD regarding the
annual production of the Rogers Pit from the following companies, all of
which have operated in the Rogers Pit at various times since that operation
started up.**

- * Croell Redi-Mix**
- * Bruening Rock Products**
- * Frost Rock Products**

**Could you also confirm whether or not the date on the Permit Assessment for AP 5468
(January 2, 2006) regarding AP 5468 - is correct, or whether this date should be
January 2, 2007. (see copy of my letter dated December 4, 2009, attached for more
information)**

Thank you.

Yours truly,

**Judith Bush
Managing Partner, Bush Ranches**
