Jim Ruby, Executive Secretary  
Environmental Quality Council

414 Columbus St,  
Rapid City, South Dak.  
57701

Wyo. Environmental Quality Council  
I am an amateur botanist and a  
retired Biology teacher. I frequently  
hike in the Dugout Gulch area  
and Cement Ridge Lookout area.

The peaceful and scenic landscape  
fills my soul with joy and helps me  
keep my sanity in our modern world.  
This remote part of the Wyo. Black Hills  
is of psychological value to me and  
helps me stay in touch with Nature,  
and improves my physical fitness.

I am concerned that the  
"Golden Predator" mining operation  
could effect water quality of  
spotted Trail Creek and Sand Creek.  
Please protect our natural resources  
and rare species from any harm.

Thank You,  
Susan Campo
