Re: **DEQ AQD Permit Application No. AP-9645**
DEQ AQD Permit No. AP / MD-9645, dated March 17, 2010
EQC Docket No. 10-2803

FILED
NOV 12 2010
Jim Ruby, Executive Secretary
Environmental Quality Council

I have received no replies to my November 5, 2010 letter. I would have thought that the courtesy of a reply would not have been out of line, and am still deciding how to proceed.

In case my letter was unclear, I am not seeking a personal monetary settlement, I am seeking assurance that DEQ AQD's incorrect designation of the NWNE of Section 25, T52N R62W as the minesite of Croett Red-Mix operations at its Rogers Rock Pit / Quarry from 2007 to date will not facilitate this parcel of land being included in any expanded minesite at this mining operation without the public process being triggered. The NWNE of Section 25 straddles the Rifle Pit Road. Were it to become a part of an active minesite, it would have great impact both visually and in terms of air quality along the Rifle Pit Road. Because I have had no reply to an offer for settlement, I am not withdrawing any of my objections to MD-9645 or the public process relating to this permit at this time.

I am planning to attend the November 18, 2009 Motion Hearing regarding Summary Judgment in the above matter by telephone.

I can be reached for this hearing regarding a Motion for Summary Judgment, scheduled to take place in Laramie, Wyoming at 9:45 a.m. at the University of Wyoming, Department of Engineering, Room 1062, 1000 E. University Ave., Laramie, Wyoming, at the following telephone number

605-892-2113

Please fax my access code to to attend this Motion Hearing to 307-283-2998. If this hearing is not being transcribed by a court reporter, I am requesting that this be done.

Please note that this is not my personal fax number, and it is necessary to telephone me at my cell number 307-290-2834, in order to let me know when a fax is being sent.

Please also note that I am no longer staying at the ranch. Our ranch manager's wife is undergoing health problems, and I am asking that the ranch phone number (307-283-2835) not be used, so that they are not disturbed. Due to winter weather, I am no longer staying at the ranch. Instead, phone me on my cell - (307) 290-2834.

Yours truly,

Judith Bush
