Re: **DEQ AQD Permit Application No. AP-9645**
DEQ AQD Permit No. AP / MD-9645, dated March 17, 2010

These are exhibits for the hearing, for discovery, and for the Motion for Summary Judgment. I have retained an attorney, Richard Horning in Gillette. However, he has only been with me for a few days.

I hope that I understood your request to explain my reason for documentation provided.

I apologize, but I could not retrieve the file I have been working on regarding other questions for discovery, and am hoping it has not been erased.

Yours truly,

Judith Bush
