Re AQD documentation of yearly production of Rogers Pit

Date December 4, 2009

No pages 1

Dear Gina,

Thank you for the information you faxed to me today.

I received the following:

- 1) Information regarding the original application of Croell Redi-Mix for the Rogers Pit (Application 5468)
- 2) Approval of Rogers Pit and portable crushing screening plant permits 4526 & 4527
- 3) Permit Application Analysis based on 100,000 tons per year
Analysis is dated January 2, 2006 *is this a mistake? 2007?*
re application AP-5468

I did not receive any reports from Croell Redi-Mix and / or other operators regarding the actual production of the Rogers Pit from start-up until now.

Could you please fax these to me on Monday.

Thank you.

Yours truly,

Judith Bush
