Sundance, WY 82729

Permit Application Receipt Notice  
Application No. AP-9645

Dear Ms. Ewing:

This is to confirm the receipt of your permit application for the Rogers Rock Pit located in Crook County, Wyoming. The application was received on July 6, 2009. Please refer to Application Number, AP-9645, in any future correspondence regarding this application.

For your information, a permit to construct or modify must be issued prior to any work beginning on the facility. The Division defines earthwork, pouring of foundations, etc. to be work on the facility and therefore a violation of Chapter 6, Section 2(a)(1) requirements, when conducted without a permit.

The application will be reviewed within thirty (30) days of receipt, and you will be notified as to whether or not the application is complete. If the application is complete, a decision will be made to either approve or disapprove your request within sixty (60) days of the determination that the application is complete. Once the decision to approve your request is made, a thirty (30) day public comment period is required, after such time a permit will be issued. If the decision is made to disapprove your request, you will be so notified and provided with the reason(s) for denial.

Per Chapter 6, Section 2(o), fees will be assessed on an hourly basis for the time incurred in processing the application. As of July 1, 2008, the hourly rate is \$58 per hour.

If you should have any questions concerning this matter, please feel free to contact this office.

Sincerely,

Darla J. Potter  
NSR Program Supervisor  
Air Quality Division
