Jim Ruby, Executive Secretary  
Environmental Quality Council

The Air Quality Division of the Department of Environmental Quality is proposing revisions to several Chapters of the Wyoming Air Quality Standards and Regulations and is requesting the Environmental Quality Council review the proposal and consider adoption of these rules when you meet on September 12, 2013. The Division issued a notice for public comment on this set of rules when the rules went before the Air Quality Advisory Board on January 16, 2013 and June 5, 2013, with public comment periods running from December 16, 2012 through January 16, 2013 and May 1, 2013 through June 5, 2013, respectively.

We have prepared rule packages for the Council, including the public notices, which summarize the nature of the changes. We do not anticipate controversy over the proposed changes, as most of the changes are updates to be consistent with current federal regulations, thereby allowing the State to retain primacy over the air program.

This rule package contains the following attachments:
