RE: Notice of Violation and Order, Permit No, 255C, Docket No. 4643-10

Dear Mr. Hankins:

Enclosed you will find a Notice of Violation under the provisions of Wyoming Statute §
35-11-701(c). The Notice of Violation is based on the inspection conducted by Bill Hogg on
August 4, 2009. The violation is for failure to reclaim the mining disturbance. The LQD has
determined that this enforcement action and Order requires the operator to eliminate hazards on
the permit area and to reclaim the site.

Please note that the Order requires you to take corrective action to mitigate the violations
that are outlined in the attached Notice of Violation and Order. The Order defines the necessary
action to correct the violation and the requested time frame for this action.

If you should have any questions regarding this matter, please contact Mr. Lowell
Spackman at 307-777-7052. Thank you in advance for your cooperation in this matter.

Respectfully,
