DOCKET NUMBER 4820-11

NOTICE OF VIOLATION AND ORDER

NOTICE IS HEREBY GIVEN THAT:

1. Snowy Range Resorts, Inc., dba Albany Lodge (Albany Lodge) operates a wastewater treatment system in Albany, Wyoming in Albany County, Wyoming which is permitted to discharge through the Wyoming Pollution Discharge Elimination System permit WY0052451.
2. Part I of the above referenced permit, under the Monitoring and Reporting Requirements requires that effluent monitoring results obtained during the previous three month(s) shall be summarized and reported on a Discharge Monitoring Report (DMR). The DMRs are to be submitted to the Department of Environmental Quality (DEQ) and postmarked no later than the 28th day of the month following the completed reporting period. To date the DEQ/Water Quality Division (WQD) has received Fourth Quarter 2010 DMRs. However, the DMRs were not complete due to failure to sample for required parameters which include; Biochemical Oxygen Demand (BOD), Total Suspended Solids (TSS), percent removal of TSS, percent removal of BOD, and pH at outfall 001. Only one BOD sample for the quarter was collected in December and analytical results for the sample were above the permit limit.
3. DEQ has issued a previous Letter of Violation (LOV) to Albany Lodge for failure to submit the required Annual 2010 DMR which requires a sample of Oil and Grease to be collected, analyzed and reported. To date DEQ has not received this report nor a response to the LOV, which are violations of the permit requirements.
- 4.. This Notice is being sent to you pursuant to W.S. 35-11-701(c)(i), which requires that in any case of the failure to correct or remedy an alleged violation, the director of the Department of Environmental Quality shall cause a written notice to be issued and served upon the person alleged to be responsible.
