Re: Teletractors, Incorporated Small Mine Permit, TFN 4 2/261

Dear Commissioners:

This notice is to inform you of our pending permit for a small mine. Teletractors, Incorporated started the application process more than 18 months ago. We are in the final stages of the approval and the DEQ Council requires one final document.

The County Commissioners have ten days from today's date to file an objection to our permit approval. If no objection is filed by July 6, 2007, the permit will be approved. If the Commissioners have no desire to file an objection, a letter recommending approval of the permit would help expedite this very tedious and lengthy process.

Our application was deemed complete and ready for approval in February of this year. We have experienced numerous delays and the process has been very time consuming. There is a copy of our Small Mine Permit available at the Court House for public viewing. If you have any questions or need clarification on any section, please feel free to contact our office.

Sincerely,

Kristine Bacheller  
Office Manager  
Teletractors, Incorporated
