Subject: Draft Letter to Lost Creek
Attachments: Lost Creek Technical Completeness Letter.docx

John,

Attached is a draft letter for your consideration. It did not come out as I initially thought it would and I'm not sure that it reflects your position. I cited WS 35-11-406(m) to explain our obligation to issue the permit. However, after reading through 406(m) I believe there is good reason to not issue the permit. I think we, Lost Creek included, are vulnerable on the issue of not having BLM concurrence. Please let me know how you would like to proceed.
