

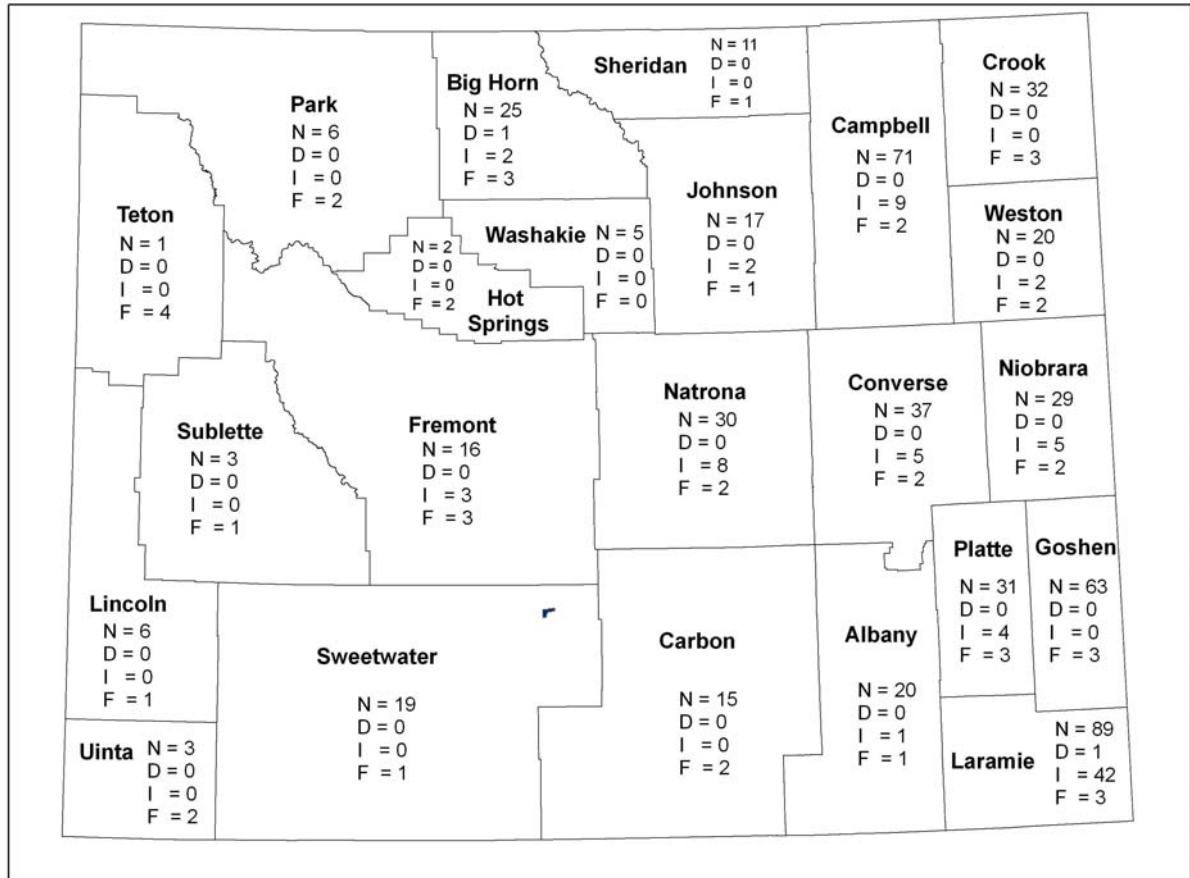

Figure D4-4. Tornado Statistics by County (1950–2004)

Source: Storm Prediction Center, 2005

Legend:

N = total number of tornadoes reported

D = deaths

I = injuries

F = Fujita scale index of most destructive storm (0 = gale tornado, 1 = moderate tornado, 2 = significant tornado, 3 = severe tornado, 4 = devastating tornado, 5 = incredible tornado, 6 = inconceivable tornado)
