Dear Mr. Bowers,

We request the application for expansion be denied based on Wyoming Statute 35-11-406, paragraph (m); roman numerals (iii), (iv), (v), (vi), and (x).

Thank you.

Sincerely,

Andrew and Joanne Matz

Subject: RE: GEGR, LLC Permit Appeal

FILED

DEC 05 2011

Jim Ruby, Executive Secretary
Environmental Quality Council

Dear Mr. and Mrs. Matz

It was my understanding that the hearing officer requested that you provide a "more definite statement" of your objections to the permit. My intention in requesting this at the hearing was not to burden you but to help us understand your specific objections. Our goal at the hearing is to try to address your objections with information for the Council to consider. At this point all I have are some general objections by not specific objections. For example I believe one of your general objections is your concern about the water aquifer. Do you have any specific objections such as there has been contaminated water in the area etc.

Because of the short time frame to prepare would you please provide all of the parties with a more definite statement of what your objections are to allow us fair and reasonable opportunity to respond to them.

Thank you for your prompt consideration of this matter.

Sincerely,

John D. Bowers
Attorney At Law

Subject: GECR, LLC Permit Appeal

Dear Mr. and Mrs. Matz and Mr. Bowers;

Earlier today at the prehearing conference, Mrs. Matz expressed her frustration and confusion about how the GECR, LLC operation will be conducted. In order to potentially clear up some of this confusion, DEQ would be willing to schedule and participate in a teleconference between all the parties to discuss the areas of the mine application that are causing the confusion.

If we can't reach a resolution after the teleconference, we can still proceed with the hearing, that is what the process is for. However, I do believe the Council would appreciate us attempting to address Mr. and Mrs. Matz's objections prior to the hearing.

Thanks,

Luke J. Esch
