I can't get it to print off.

Jim

Mr. Luke Esch, Counsel
Office of Wyoming's Attorney General

January 23, 2013

Dear Mr. Esch,

In response to your very politely expressed phone query of this morning, I do not personally intend to pursue legal issues raised within my letter of January 18, 2013 (addressed to: Administrator, Land Quality Division, Wyoming Department of Environmental Quality) before Wyoming's Environmental Quality Council. The letter has had carefully focused distribution with the purpose of raising awareness of questions involved.

Please know that I appreciate your courtesy.

Sincerely yours,

Jason A. Lillegraven
