Environmental Quality Council

RECEIVED

This letter is in response to the McMurry Ready Mix mine on hwy.353 in Boulder Wy. (Bousman pit)  
To allow this mine would show complete disregard for public safety, public nuisance, mule deer  
migration, sage grouse, moose habitat, airborne and noise pollutants. Further more the DEQ has shown  
negligence on the entrance onto hwy. 353 on the modification to the hwy. to make it safe for the public.  
This permit should not have been allowed to proceed this far.
