Jim:

DEQ does not object to continuing the hearing until the 14th and 15th to accommodate the Council's schedule. At this point, I'm not sure how long the hearing will last, though I hope the scheduling conference will shed more light on that issue. I can be available for the scheduling conference on the 28th at 2:30.

Cheers,
Jeremiah

Dear Counsel:

I have been reviewing the petition filed by Shannon regarding the Linc Energy coal gasification project. Based upon the filing this case appears to fall under the requirement for a 20 day hearing. I have three questions. The 20th day is November 12th. The Council is already scheduled to meet on November 14 and 15 in Cheyenne. Do any of the parties object to a continuance of the hearing past the 20 day requirement so that the hearing can be held on November 14 and 15. Second, How many days do you think the hearing will last. Third, are you available on Monday the 28th for a scheduling conference at 2:30 p.m?

Thank you for your time and consideration.
