State of Wyoming Mail - RE: Linc Energy Scheduling conference

and PRBRC there seems to be two contested issues. One is the aquifer reclassification and the second is the aquifer exemption. Jurisdictional issues can be raised by the Council on its own motion. There is a question of whether or not the Council has jurisdiction to hear the aquifer exemption issue. Please come prepared on Monday to discuss that issue. If you have any questions please feel free to contact me.

Finally, if you are willing to receive notice and service by email instead of by regular mail please let me know as soon as possible.
