Joe,

RECEIVED
SEP 03 2008
BY:

I just discovered that I inadvertently printed and submitted the old list of landowners and mineral rights holders as the amended petition. It was one line above the correct one on my computer.

Attached is the amended petition. The changes that should have been submitted are on pages 26 and 37.

Should this cause the council to re-schedule the meeting for a date other than this Friday, we'd appreciate knowing as soon as possible to inform people who plan on attending.
