ORDER APPROVING JOINT STIPULATION FOR WITHDRAWAL OF APPEAL

The Wyoming Department of Environmental Quality ("DEQ"), Solid & Hazardous Waste Division issued a Final Decision for Remediation of Contaminated Groundwater at the Wyott Site Study Area ("Final Remedy Decision") dated June 2, 2000 in this matter. AMF of Wyoming timely petitioned the Council for review of the DEQ's June 2, 2000 Final Remedy Decision. Since then the parties exchanged discovery requests and engaged in settlement negotiations. The DEQ and AMF of Wyoming filed a Joint Stipulation with the Council on September 26, 2001 to resolve this matter without a hearing. The Joint Stipulation:

(¶5) stipulates to withdrawal and dismissal with prejudice of AMF of Wyoming's appeal, and

(¶7) requests entry of an Order by the Council approving, incorporating and binding the parties to their Joint Stipulation.

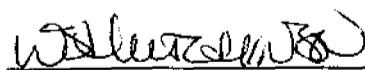

W.S. 16-3-107(n) and Chapter I, Section 11 of the DEQ Rules of Practice & Procedure provide for disposition of contested cases by stipulation of the parties upon approval of the Council.

The Council having considered the parties' Stipulation and being fully advised in the premises,

IT IS HEREBY ORDERED that:

The parties' JOINT STIPULATION FOR WITHDRAWAL OF APPEAL in this matter is approved and incorporated into this Order and shall be binding upon them, and, accordingly, AMF of Wyoming's appeal is dismissed with prejudice.

DATED this 17th day of December, 2001.
