**Subject:** Sand Draw Landfill Permit Documents  
Dear Rick:

Attached you will find the Sand Draw landfill permit documents that DEQ mailed to your client yesterday. As I mentioned in our telephone conversation, DEQ re-evaluated its preliminary determination concerning the proposed vertical expansion, and the proposed permit does not treat the expansion as a new cell/unit. Because that determination was the sole issue raised in the petition pending before the Council, the petition is now moot.

Accordingly, DEQ believes that it is in the best interests of the parties involved and the Council to stipulate to the dismissal of the petition. Please let me know by no later than noon on Thursday whether you will agree to stipulate to dismiss the petition. If you are amenable to that course of action, I will draft the stipulated dismissal. If I do not hear from you by that time, I will assume that you do not wish to stipulate to a dismissal and I will consequently file a motion to dismiss for mootness.

Thank you for your time and cooperation. I look forward to hearing from you.

Sincerely,

Jeremiah I. Williamson
