Environmental Quality Council

I took the test twice cost of 100.00
First Test Scored 73 Passing was 75
I ask to see my Test They wouldn't let
me, Several Questions on Test were about
Farmers & Ranchers and Above Ground Storage
I have underground Tanks and I feel the
Tests are made for big operations like Flying
TA -
The test should be about my operation not
the operation of the big corporations.
I also feel that I should be able to
see my Test. There five I would like
a hearing.
