Re: Docket no. 11-3101

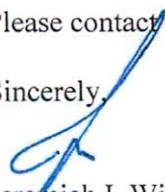

Dear Secretary Ruby:

Please be advised that the Wyoming Department of Environmental Quality has withdrawn the amendments to Chapters 5 and 11 of the Water Quality Rules and Regulations, which the Council recently adopted in the above referenced docket number. The rules were withdrawn because they were not properly promulgated. Specifically, inadequate time was allowed for public comment.

The Department has re-initiated rulemaking to cure this defect. I thus expect the rule amendments to come before the Council again in the near future.

Please contact me if you have any questions or concerns.

Sincerely,

Jeremiah I. Williamson
Assistant Attorney General
