Jim Ruby, Executive Secretary  
Environmental Quality Council  
Docket No. 11-3101

**STATEMENT OF PRINCIPAL REASONS**

The Department of Environmental Quality, Water Quality Division, pursuant to the authority vested in it by The Environmental Quality Act (the Act), specifically W. S. §35-11-302, proposes to lift Part D and Part G, intact, from Chapter 11 to create two new chapters. Part D will become Chapter 25 and Part G will become Chapter 26.

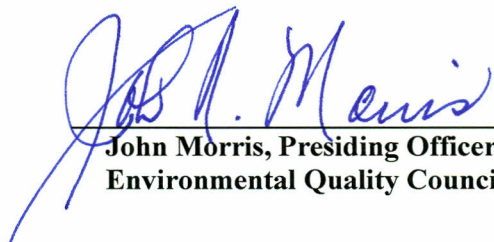

There will be no wording changes to this rule package except to update cite information. All references to Part D will be updated to Chapter 25. All references to Part G will be updated to Chapter 26.

This rule package is necessary to be able to comply with the Governor's mandate to update and simplify current rules. Current Chapter 11 is overly complex and many of the Parts of the Chapter should be stand-alone chapters.

The proposed rule, which is attached,
