DOCKET NUMBER 5107-13

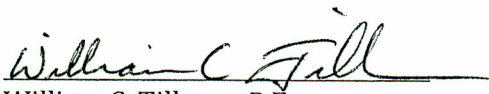

NOTICE OF COMPLIANCE

The Department of Environmental Quality (DEQ), Water Quality Division (WQD) issued Notice of Violation and Order Docket Number **5107-13** on January 15, 2013 to John E. Garner (John) of the Farnsworth Group. The NOV and Order alleged that John and the Farnsworth Group constructed modifications to water distribution and sewer collection mains without a permit. This is a violation of Wyoming Statute(s) 35-11-301 (a)(iii) and 35-11-301 (a)(v).

The Order required the Farnsworth Group to submit an application to construct SPT12G Project. The Order also required Farnsworth's Municipal Pipeline Group to attend a training session instructed by the Southeast District Engineer. The Farnsworth Group has submitted the required application to construct and the Municipal Pipeline Group has attended the required training. The DEQ finds that the conditions of the Notice of Violation and Order Docket Number **5107-13** have been satisfied.

The DEQ looks forward to working with John E. Garner and the Farnsworth Group in a proactive manner and is available to discuss future permitting and/or construction issues.

Dated this 8<sup>th</sup> day of March, 2013.
