DOCKET NUMBER 4968-12

NOTICE OF COMPLIANCE

The Department of Environmental Quality (DEQ), Water Quality Division issued a Notice of Violation and Order (NOVO) to E. C. Yegen on March 13, 2012. The NOVO was issued for failure to submit quarterly reports for the 8 facilities and wells listed in **Table 1**. This was a violation of the Wyoming Environmental Quality Act, the applicable Wyoming Water Quality Rules and Regulations, and respective permit conditions.

A letter dated March 19, 2012 from you indicates that these wells have never been drilled and that you have no plans to drill them in the future. You also requested that the permits for the facilities listed in **Table 1** be cancelled. The DEQ has cancelled the permits listed in **Table 1**, effective March 21, 2012. Since the wells have been inactivated and were never used for injection the NOVO requirements have been received, reviewed, and accepted. The Wyoming Department of Environmental Quality considers the NOVO for Docket Number 4968-12 to be satisfied.

Dated this 22 day of March, 2012.
